

Toni Goodson

Director, Performance Improvement

Toni Goodson is a health care professional with 18 years of experience in a variety of clinical and professional roles within the healthcare industry. Her areas of expertise include cardiovascular nursing, clinical data management and analytics, building and leading teams, performance improvement, as well as business development.

As the Director of Performance Improvement, Toni is responsible for managing the development of the TPC Performance Improvement program by utilizing clinical, operational, and financial data, leveraging best practices, and facilitating cross-functional meetings. Toni incorporates her clinical, leadership, and business development expertise, providing a data-driven holistic approach to performance improvement and quality outcomes.

Toni has a bachelor's degree in nursing from the University of Texas at Arlington and is a Registered Nurse. She also earned an MBA with a focus on healthcare management from Western Governors University.
